

SMART E-MOBILITY

Folding Powered Wheelchair

FreedomChair Model A08

A quick folding powered wheelchair for users up to 27 stones.

High quality FreedomChair build and triple battery capacity for a range up to 27 miles.

Features

Seat Width: 19 inches

User Weight Limit: 27 stone / 160kg

Drive Wheels: 10"

Motors: 250W

Batteries: 1, 2 or 3 can be fitted with up to 9 miles/battery

Joystick controlled, FreedomChairs are versatile powered chairs for both outdoor use and, being highly manoeuvrable, excellent indoors too. They fold incredibly easily and quickly and fit into most car boots and take up very little space indoors. They are great travel chairs for days out, cruises etc and a battery test certificate is available for airline travel. With ISO, CE & FDA approval, the chairs are superbly made and finished. FreedomChairs can be fitted with multiple batteries, doubling or even tripling the range up to 27 miles!
