Leave in-place

Fast install

How steep?

1:6 (10°)*	6 x Height ▸ Height	Acceptable in some cases for short threshold ramps
1:8 (8°)*	8 x Height ▸ Height	A useful balance between gradient and space suitable for portable ramps in some assisted applications and events, etc.
1:12 (5°)	12 x Height ▸ Height	Often required by social services/local authorities; minimum required by Building Regulations Document M for residential installed ramps
1:15 (4°)	15 x Height ▸ Height	Sometimes required by social services/local authorities for independent access, but typically for installed public access ramps
*Assess safety/risk

How long?

Try the ramp gradient calculator on our website!

a. Measure the step height/level difference.
(Total height of steps or height to resting point on vehicle)

?

Remember:
"The longer the ramp, the easier the slope"

?

b. Use the **Ramp Length Guide**   Height x Gradient = Length Required

Height (up to)	Length		
	1:6	**1:8**	**1:12**
10cm (4ins)	60cm (2ft)	80cm (2ft 8ins)	120cm (4ft)
15cm (6ins)	90cm (3ft)	120cm (4ft)	180cm (6ft)
20cm (8ins)	120cm (4ft)	160cm (5ft 4ins)	240cm (8ft)
25cm (10ins)	150cm (5ft)	200cm (6ft 8ins)	300cm (10ft)
30cm (1ft)	180cm (6ft)	240cm (8ft)	360cm (12ft)
45cm (1ft 6ins)	270cm (9ft)	360cm (12ft)	540cm (18ft)
60cm (2ft)	360cm (12ft)	480cm (16ft)	720cm (24ft)

permaramp®
Relocatable external ramps

A concept that totally transforms wheelchair access, the Permaramp range is designed to be easily adjusted and fixed down or left in place for every type of threshold.

Cut-away kerbs • **Easy installation** • **Extremely durable**

- Great for semi-permanent access
- Avoid big installation projects and construction mess
- Can be left in place as long as required then re-used elsewhere
- Quick and strong access solutions
- Unique Gripdeck™ surface for incredible grip and sustained outside use

made in **BRITAIN**
Enable Access

Gripdeck™ **technology**

Incredible Grip
rain or **shine**

permaramp®-original

Your benefits:

- Excellent for wooden door thresholds
- Contrasting colour safety edge strips increase visibility
- Superwide 90cm width version available as well as standard 76cm width: perfect for single outward-opening doors, and a great bariatric ramp solution
- Fixing options at top and bottom for secure location
- Well suited for scooters, mobility devices and sports wheelchairs
- Up to 400kg (63 stone) capacity!

SUPERWIDE
90cm WIDTH OPTION

"**Instant installed ramp solution available in 2 widths and 6 lengths**"

PO15

WELCOME®

Residential modular ramp & step systems

This residential ramp system has been carefully developed to suit your budget, needs and timescales. It is incredibly good value, whilst being very versatile.

Attractive • **Excellent value** • **Easy to install** • **Durable** • **Totally modular**

- Perfect for independent access
- Used when permanent access is required
- Handrail options available
- Easy to remove or modify when needs change, avoiding disruptive demolition work

Incredible Value!

made in BRITAIN Enable Access

> **❝Attractive modular residential ramp solution that suits your budget, needs and timescales❞**

Your benefits:

- CAD drawings available for any variation on request
- Complies fully with Building Regulations Document M for dwellings

STRENGTH
Built to last, the system has a huge 400kg capacity.

HANDRAILS
Powder-coated pre-galvanised steel provides a durable yet 'warm to the touch' handrail.

400kg CAPACITY

Gripdeck™ **technology**

Incredible Grip
rain or **shine**

ADJUSTABLE LEGS
Height-adjustable legs can be adjusted to suit ground variations and a huge range of step heights.

PLATFORM
2 platform sizes available. If a greater size is required, simply join them together.

DOORPLATE
Standard 75cm wide doorplate supplied with every system – self-supporting and wide versions also available (see page 50)

Fast one-person install

Small-van friendly

100% modular

AVAILABLE IMMEDIATELY FROM STOCK

10 YEAR DESIGN LIFE

**ECO FRIENDLY PRODUCT** • REMOVABLE • ADJUSTABLE • RE-USABLE

Kit A – Ramp Only

Often used to provide access to an existing platform or step.

Kit B – Ramp and Platform

A very practical installation layout, complying with the requirements for a resting platform at the top of a ramp. The 120cm square platform can be used in both straight-through and turning configurations.

Handrail Options

No Handrail	Single Handrail One Side	Single Handrail Both Sides	Double Handrail One Side	Double Handrail Both Sides

WELCOM℮® - colours

The Welcome ramp systems are now available in a carefully selected range of colours – from stock, and at no extra cost!

Original Graphite with Safety Yellow handrails

Garden Green

Heritage Brown

Colour Options

Original Graphite
The standard Welcome colour is a carefully selected and universally appealing soft dark grey.

Safety Yellow
A carefully selected rich yellow, perfect for visual safety needs. (handrails only).

Garden Green
A traditional deep green, perfect for garden environments.

Heritage Brown
A dark, rich brown to perfectly complement traditional and heritage buildings.

Choose colours to match in or contrast with every building as required!

WELCOM𝓮® - patio platform™

Suited to a wide variety of scenarios including patio, French and extra-wide doors

WELCOM𝓮® - accessories

Self-supporting doorplate for 122cm platform sides

No more cracked uPVC door thresholds!

Bow-end

A great finishing touch with safety benefits.

Steps and Step Handrails

Easy access for all users.

Soft-ground leg bearer

Stop legs from sinking in soft ground.

Welcome Platform Gate

Available in Original Graphite colour only.

Welcome Platform Door Entry Flap
