# Azalea<sup>®</sup> Minor

Designed for petite adults  
and teenagers

Yes, you can.

The **Rea Azalea Minor** is designed for those who require a seat that has a smaller depth and width. Adapted from the **Rea Azalea**, the **Azalea Minor** boasts all the advantages of a reliable, tilt-able wheelchair with its special weight-shifting mechanism. This model is ideal for all people who require a solid, stable wheelchair. The **Azalea Minor** is available with transit or self propel wheels, five frame colours and three upholstery choices.

### Rea Azalea compatibility continues

**Rea Azalea Minor** designed for those who need a smaller-sized seat, such as petite adults or teenagers. Key features of **Azalea Minor** is the tilt-in-space weight-shifting mechanism, to ensure a stable tilt and makes manoeuvres easier. The width and depth of the **Azalea Minor** can be adjusted to suit individual needs.

### Tension adjustable backrest

The tension adjustable backrest offers individual shaping to accommodate more complex spine shapes. This back style is available with a choice of positioning backrest cushions or a padded backrest cover.

## Features and Options

### Tension adjustable backrest

Adjustable in height and as wide as the seat.

### Table tray

Ideal for use at meal and activity times.

### Shorter chair

The chassis is 30 mm shorter, the seat depth is 50 mm shorter and the backrest 100 mm lower than the standard Rea Azalea. Shown here in the Electric Green frame colour.

A wide range of accessories can be found in our Accessories brochure, order using code 1576967.
