

M-Series

Made for more

permobil

Battery status and travel range estimates help you know how far you can go

Integrated map illustrates daily and historic travel behavior

MyPermobil

More adventure

The new Permobil battery and VoltPro charger work together to provide you with up to 25% greater driving distance, reduced charging times and longer battery life. Use the MyPermobil app to get even more from every adventure with seat activity tracking, battery range estimates and an integrated map.

Driving range up to 40 km

Optimized charging times

Longer battery life

More freedom

Corpus®, our most capable power wheelchair seating system, now provides you with even more positioning options. Enhanced stability on the new M-Series enables you to optimize your repositioning, functional reach and power drive positions for even greater freedom of movement.

5 km/h elevated drive speed

Full suspension at any elevation, seat position or drive speed

Reach for more

Active Height and Active Reach combine seamlessly to give you the ultimate advantage in accessing your environment. Seat elevation with integrated forward tilt creates the most innovative, functional and stable seating solution on the market today.

	M3	M5
↑ Active Height	300 mm	350 mm
↶ Active Reach	20°	20°

300 mm

0 - 20°

3 points of contact for added stability

Conquer more

Smooth and *Agile* suspension systems balances stability, traction and ride comfort for optimal performance and advanced vibration reduction. Factory optimized and adjustable suspension adapts to your needs and environment. Be ready to handle any adventure with high-powered LED lights to guide your way.
