Q700 M

# Q50R

QUICKIE Q50 R is the ideal choice if you are looking for a **compact folding powerchair** which fits in your boot. With its small base the Q50 R can easily navigate tight home environments whether at home or in the community. With the large drive wheels, suspension and big battery the Q50 R can take you to the shops or across the park.

## Customer Needs

Requires a folding powered wheelchair for transportation with indoor and limited outdoor use:

- **Folding for storage** and in **car transportation**
- Would benefit from a product to **use indoors** (Scooters meets outdoor need but cannot be used indoors)
- Requires **longer range** than currently offered with other folding chairs or boot scooters
- Desires to **go further than basic pavement use** **Urban off road** e.g.
  - Travelling to and from work
  - Pavements or crossing roads
  - Parks and grass

## Key Features

Quickie Q50 R meets needs via:

- **Folding Power** - weight from 32kg exc. batteries
- **Compact Base - 60cm wide**
- **Outdoor Performance Options**
  - 30Ah Lithium Ion Batteries for 31 miles range
  - Suspension for urban off road terrain (park, gravel, etc.)

# Q100R

QUICKIE Q100 R is the perfect **ultra compact powerchair** for use indoors and out. QUICKIE Q100 R is the starting product in our powerchair range. You may already be using a powerchair, or have an outdoor scooter and would benefit from a mobility product that you can not only use outdoors like your scooter, but can use indoors at home and around the community.

## Customer Needs

Requires powered wheelchair for **indoor/ outdoor use**:

- **Indoor environments**:
  - Ideal around the home and shopping centres
- Limited use in outdoor environments:
  - Travelling to and from work
  - Pavements or crossing roads

## Key Features

Quickie Q100 R meets needs via:

- **Use in indoor environments, for example**:
  - Around the home
  - In shopping centres, shops, compact public spaces
  - Pubs, cafés, restaurants
  - Public parks
- **Limited use in outdoor environments**
  - Travelling to/ from work
  - Pavement/ crossing roads
- **Do not require powered seating (powered tilt or tilt & lift)**

# Q200R

Ideal if you require **greater outdoor performance** than the Q100 R and would benefit by having the ability to adjust your seat position to maximise comfort.

## Customer Needs

Requires powered wheelchair for **indoor/ outdoor use**:

- **Greater comfort** vs. Q100 R through the Q200 R Comfort Seat with powered seat adjustment (tilt)
- **Greater outdoor performance** vs. Q100 R: 10Kph Motors and larger drive wheels

## Key Features

Quickie Q200 R meets needs by offering all of the **Q100 R features PLUS**:

- **Comfort seating**:
  - With seat adjustment (tilt) to allow you to easily adjust your seat to maximise comfort
- **Outdoor performance features**:
  - Faster 10kph motors
  - Lights and indicators
  - Suspension for urban off road terrain (park, gravel etc.)
  - Kerb climber to climb up to 4" kerbs

## Q300M Mini

The most compact powerchair in our range for use around the home without any outdoor compromise due to mid wheel drive technology. This model adds the function of powered lift to access new heights.

### Customer Needs

Require a more compact powered wheelchair than a QUICKIE Q100 R/ Q200 R.

- You require the **most compact powerchair** on the market for use around the home and wider community
- Benefit from MWD:
  - Easier to use (smaller turning circle)
  - **Improved comfort:**  
More comfortable than Q100 R and Q200 R due to six-wheel suspension
- Requires **powered lift or tilt:**
  - Lift to gain access into cupboards to sit at eye-level when talking
  - Sits in chair for longer periods of time and benefits from comfort seat

### Key Features

Quickie Q300 M Mini meets needs via:

- **World's most compact powerchair:**
  - 52cm wide best for indoor use
- Patented QUICKIE mid-wheel-drive chassis, with independent 6-wheel suspension for smooth ride
- 30cm powered lift and/ or 30° tilt
- 56Ah batteries for a range of 36km
- Increased comfort with Comfort Flexi-back and cushion to allow you to sit in your chair for longer

## Q500M

QUICKIE Q500 M is the choice for clients who want the best of outdoor performance. With larger batteries and a wider base, the Q500 M offers greater range and more stability.

### Customer Needs

You require a powerchair with greater outdoor performance than the Q300 M Mini.

- More **powerful motors for greater outdoor performance.** I.e. Kerb climbing or increased off-road useage
- Bigger batteries for **increased range**
- Would benefit from a larger powerchair:
  - Larger clients feel more **comfortable and secure in a larger powerchair**

### Key Features

Quickie Q500 M Mini meets needs using all features of the Q300 M Mini PLUS:

- **Faster 10kph motors**
- Larger outdoor performance chassis:
  - 61cm wide for greater stability

## Q700M

QUICKIE Q700 M is the best outdoor performance powerchair with Spider Trac comfort suspension to dampen the impact while traveling over rough terrain. With larger batteries and more powerful motors the Q700 M is ideal for taking on the outdoors while still retaining a compact base for indoor manoeuvrability

### Customer Needs

You require increased comfort and enhanced outdoor performance vs. Q500 M.

- Require **increased comfort suspension** through Spider Trac while driving over rough terrain
- Requires bigger batteries for **greater range 40km**
- Would benefit from a **increased outdoor performance:**
  - 4" kerb climbing
  - Increased stability
  - Increased power for tackling rougher terrain
  - 5" castor arm articulation for ramp transitions

### Key Features

Quickie Q500 M Mini meets needs using all features of the Q300 M Mini PLUS:

- **Faster 10kph motors**
- Larger outdoor performance chassis:
  - 61cm wide for greater stability
